MAIL STOP PETITION
COMMISSIONER FOR PATENTS
P.O. BOX 1450
ALEXANDRIA, VA 22313-1450

STATEMENT

Sir:

The above-noted patent application was previously abandoned unintentionally, and a first petition to revive was filed on April 9, 2004 by the initial attorney of record, Mark R. Gordon-Lendvay, Esq. The undersigned attorney submits that the application was again abandoned unintentionally by Mr. Gordon-Lendvay's failure to respond to the USPTO's notice rejecting the first petition for insufficient fee.

Responsibility for this application was transferred to the undersigned attorney in February 2005. The undersigned attorney filed on March 15, 2005; (1) a Change of Correspondence Address Request, (2) change of power of attorney and (3) a Status Request of the application. No response to the Status Request was received from the USPTO. On August 20, 2005 and again on August 25, 2005, applicant's attorney filed a second and third Status Requests with the USPTO.

Thereafter, applicant's attorney received a Notice of Acceptance of Power of Attorney dated September 14, 2005. On April 6, 2006, applicant's attorney received a status reply (copy enclosed) from the USPTO, which indicates that a decision dismissing the petition was mailed to the original attorney of record on April 27, 2004, and immediately took steps to file this petition to revive the application. Applicant respectfully submits herewith a petition to revive the application under 1.137(b), and requests that the application be revived based on the above statement.

The Commissioner is hereby authorized to charge \$770.00 small entity (\$750 for the petition and \$20 for the outstanding balance on the filing fee), and any additional fees, which may be required with this communication, or credit any overpayment to **Deposit Account No. 10-0100**.

Respectfully submitted,

Applicant's "Petition For Revival of an International Application For Patent Designating the U.S. Abandoned Unintentionally Under 37 CFR § 1.137(b)," filed in the United States Patent and Trademark Office on 09 April 2004, is DISMISSED without prejudice.

BACKGROUND

*On 02 August 2000, applicant filed international application number PCT/IB00/01295, claiming priority of an earlier German application, filed on 12 August 1999. The United States of America was designated in the Request. A copy of the international application was transmitted by the International Bureau to the United States Patent and Trademark Office on 22 February 2001. Applicant timely filed a Demand on 02 March 2001, electing the United States of America. Accordingly, the thirty-month period for paying the basic national fee in the United States of America expired at midnight on 12 February 2002.

On 12 February 2002, applicant filed a transmittal letter for national stage entry. Among applicant's transmittal papers were an executed inventor declaration, a translation of the international application, and credit card authorization to pay the basic national stage filing fee of \$445.

On 16 April 2002, applicant was mailed a Notification of Abandonment FORM PCT/DO/EO/909 on the grounds that applicant had failed to pay the requisite national stage fees since applicant's credit card payment had been declined and since applicant had not provided an alternative deposit account for making payment.

On 09 April 2004, applicant filed the instant petition for revival of the application on the grounds of unintentional abandonment, including, *inter alia*, \$440 for basic national stage fees.

DISCUSSION

A petition to revive an abandoned application under 37 CFR 1.137(b) must be filed

Application Serial No. 10/149,454

2

without intentional delay from the time the application became abandoned and/or applicant first became aware of the abandoned status of the application. A petition under 37 CFR 1.137(b) must be accompanied by (1) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional, (2) a proposed response, (3) the petition fee required by law (37 CFR 1.17(m)), and (4) a terminal disclaimer and fee (if the international application was filed prior to June 8, 1995).

With regard to item (1) above, applicant has stated that "[t]he entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional." Since, as demonstrated below, this petition is not grantable, the requirement of item (1) above is not satisfied.

With regard to item (2) above, applicant has provided \$440 for the required basic national fees. However, the required basic national fee is \$460, and so the requirement of item (2) above is not satisfied.

With regard to item (3) above, applicant has provided the required petition fee, meeting the requirement of item (3) above.

With regard to item (4), a terminal disclaimer is not required as the application was filed after 08 June 1995.

Accordingly, because the requirements of items (1) and (2) above have not been satisfied, all of the requirements under 37 CFR 1.137(b) have not been satisfied, and so the petition is dismissed.

CONCLUSION

Because applicant has failed to satisfy items (1) and (2) above, the petition to revive the abandoned application under 37 CFR 1.137(b) is DISMISSED without prejudice as to National Stage in the United States of America.

If reconsideration on the merits of this decision is desired, a proper response must be filed within TWO (2) MONTHS from the mail date of this decision. Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1.137(b)." Extensions of time are available under 37 CFR 1.136(a).
